

Ms. Engelhardt's Weekly Newsletter

What We Are Doing

Math: This week we started looking at measurement and key words that help you to describe if something is longer or shorter.

Reading: The 5 finger rule for retelling and looking at the beginning, middle, and end of our books.

Writing: This week we wrote about our stories we read and about how families.

Upcoming Dates:

December 18th

Family Celebration 8:30

Pajama Day

December 20th

Backward Day

Art 12:05

December 23rd-January 3rd

Winter Break

Hour of Code

This week and next we are spending the last bit of our days learning about coding and playing coding games in the classroom. We like to get them thinking about basic coding and what that could look like as a career. Yesterday we were fortunate to get to try out color programming bots. Scratch Jr. is a fun app that we started using that can be accessed at home. Code.org is another fun site that the students have been learning about and using!

Backward Day

Friday is a spirit day at Newcastle and the student council has chosen backward day. This means the students can wear clothing or hats backward.

Can't wait to see everyone at our family event. Don't forget students can wear their PJs all day Wednesday!
