## Our Learning

**Math:** We studied number sentences that have partners of the same number. Also adding +1 and +2 to the double number sentences.

**Reading:** Studying strategies for looking at and understanding hard words.

**Writing:** We did a free write week where the students were able to write about whatever they wanted. They enjoyed making long books.

**Social Studies:** We started looking at the different families that make up our classroom!

## Special Notes From Teacher

Hello 1<sup>st</sup> Grade Families! Starting Friday I began getting the flu and was sick all weekend. Today I am feeling better but I was so sad to have to miss the carnival. I hope everyone that went enjoyed the event.

**We are starting a new writing unit on opinion writing and the students can bring in collections of things to write about. We have a guest coming in Friday to talk about how the collections can be used for writing.**
